

2016 Census Profile on the Town of Richmond Hill

Release #5: Immigration and ethnocultural diversity, Housing, and Aboriginal peoples

Every 5 years, Statistics Canada (on behalf of the Government of Canada) undertakes a nation-wide Census. The purpose of this Census is to collect quantitative information on the country's population, and provides a detailed snapshot of the demographic, social, and economic conditions of the country.

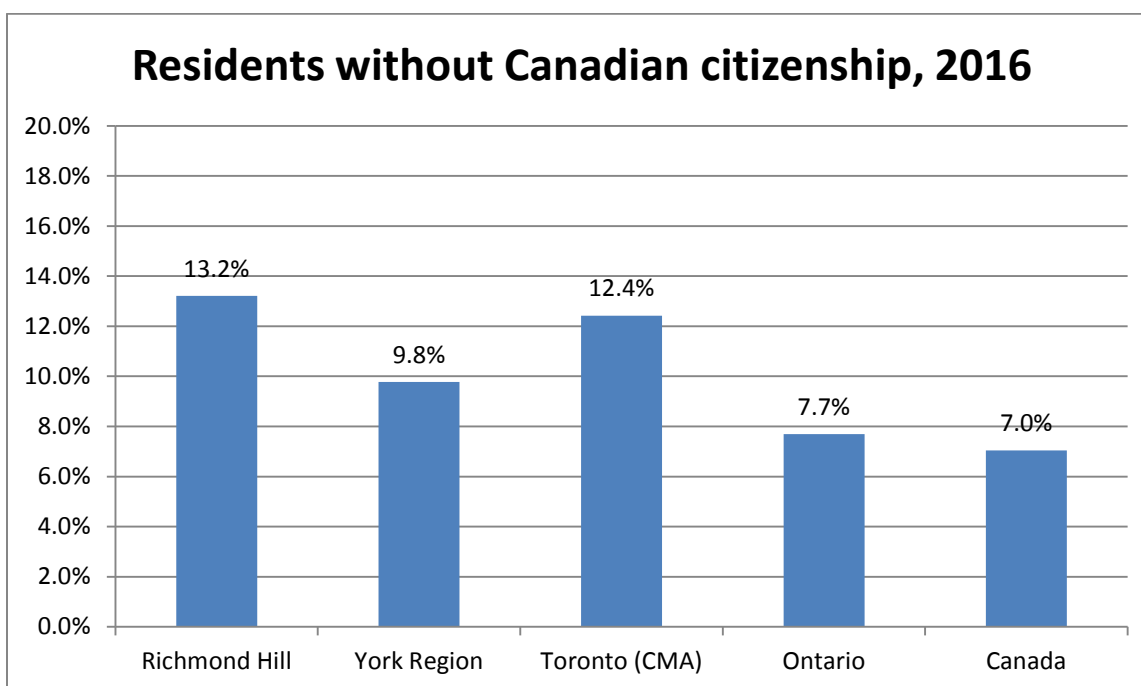

Data collected from the 2016 Census is being released in stages between February 2017 and November 2017. The following is a summary of the data from the fifth release that occurred in October 2017, containing information on immigration and ethnocultural diversity, housing, and Aboriginal peoples. Information on the overall 2016 Census and the release schedule is contained within the Census Profile focusing on Release #1: Population and dwelling counts.
